

Learning Activity Time!

Learning words and how to spell can be really fun if you know how! I've made these fun activities to help you learn how to write capital letters. Take your time, follow the instructions and see how many capital letters you can write!

Instructions

1. Print out the designs included in this activity PDF on paper.
 2. With a coloured pen or pencil carefully trace the outlines of the capital letters. Don't forget to start at the red dot!
 3. Spell out the entire alphabet using capital letters.
- Tip:** Try using different coloured pens or pencils to make each letter different!

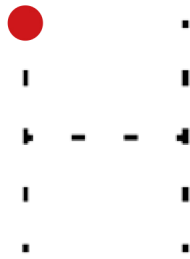

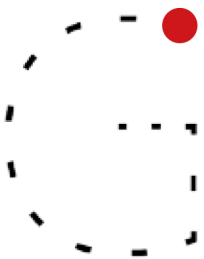

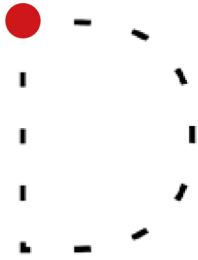

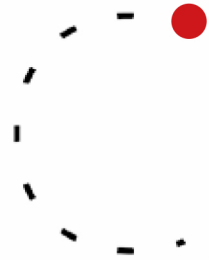

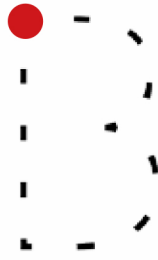

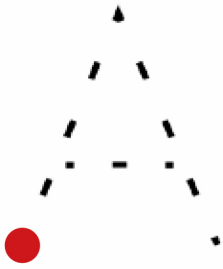

You will need:

Printer
Coloured Pens or
Pencils

Tip: On the letter 'A' above, the red arrows show you which way to move your pen or pencil; Up, down and right to left. Practise with this letter 'A' first to get the hang of writing capital letters before you try the activity sheets.
