

# Activity time!

Hello fellow dragons, I have been busy again. Did you know it's not long until the Easter holidays? I like to give and receive cards, so have drawn up an Easter card with Scorch, so have drawn up an Easter card with me on it! Why don't you give it a go? I think your effort would be better than mine. Remember to ask an adult for help and let me know on twitter how you get on @wruscorch

## Instructions

1. Print out the egg template and sleeping Scorch Bach
2. Decorate the egg. I used crayons but you could use felt tips, paint or even glitter. When it is dry cut it out.
3. Cut out sleeping Scorch Bach and add a tab on the bottom as shown in the image on the right.
4. Turn the egg shape over and draw a line where you would like to cut it in half so that you cut a straight edge.
5. Turn the bottom of the egg over and glue sleeping Scorch Bach onto the egg as per the picture.
6. Glue the bottom half of the egg onto your card. Either A4 flat or A4 folded.
7. Glue the top of the egg. If you are very clever and have access to some split pins, you could make the top of the egg open and close!
8. Decorate the rest of your card with your Easter message. I also added some grass.

### You will need:

scissors  
colouring pens  
card  
paper  
glue
