

Activity time!

I love the summer and being outside in the garden! Water Balloon Darts such an easy game to set up and play. Why don't you give it a go when the weather is warm enough to play outside? Your friends will love it too!

Instructions

1. Find an outside area big enough to draw your dartboard. Using your chalk draw your dartboard.
2. You can make it bigger than in the picture if you have space.
3. Fill your water balloons and place in a bucket. You may need an adult to help you tie them, they are quite tricky.
4. Decide how far back you want to throw the balloons from. The further away you go the harder it is!
5. Good luck getting a Bulls Eye!

You will need:
Chalk
Water balloons
bucket -
optional but
useful
